

**Global Perspective, Regional Presence**

*Experts in SAP and WebSphere*

### Who We Are:

**Agilint, Inc** is established to provide agile business solutions using agile methodology and our expertise in **SAP** and **IBM WebSphere**. We help our customers accelerate business growth in today's competitive internet economy.

Our commitment to quality, and maniacal dedication in helping our clients meet business needs at lower IT costs, are **Agilint's key differentiators**.

We are based in *Research Triangle Park, North Carolina (USA)*, driven by its innovative culture and technology base, focused on delivering value to our customers.

### Our Alliance Benefits Customers:

**Agilint** is **SAP** Extended Business Partner

We help customers accelerate business growth by adopting **SAP Business Suite (All-in-One)** and **SAP NetWeaver**. We specialize in SAP's small business solution, **SAP Business One**.

**Agilint** is a Member Partner in **IBM PartnerWorld**. We help customers adopt IBM software solutions to improve business **agility** and **flexibility**.

### Agilint's Core Competency Delivers Real Value to Customers:

Agility and quality are our *mantra* in everything we do, from IT staffing service to delivering integrated business solutions.

We provide cost-effective, high-quality, proven solutions in the areas of:

- ⊕ *IT staffing services (WebSphere, SAP)* help clients augment their staff with our resources to meet business needs and lower IT operation cost.
- ⊕ We specialize in *SAP Business Apps (mySAP/All-in-One)* implementation and *NetWeaver (Java, Portal)* solution development.
- ⊕ Our *Technology services* focus on solution implementation using *Java, Web services, Portal* with *WebSphere* suite of SOA products.

Agilint's service model saves cost by reducing 'time-to-deploy' solutions without sacrificing quality and governance.

Let us show how we can help you by being your trusted IT services partner. Call us at **(919) 650-3971** (or) e-mail us at [sales@agilint.com](mailto:sales@agilint.com) to learn how we can help your business achieve *agility* and *flexibility*.
